System Integration Business:

About Us

"**MISPL**" is a System Integration company established in May 2012, and providing services in various Business Verticals i.e. AV Integration, IT Integration, Interior & Acoustics, LED Wall – Indoor and Outdoor, Electrical & Lighting, CCTV and Security Systems etc, to Makes Good into turn-key projects. We take turn key projects and implement in one centre point of contact.

"**MISPL**" has been offering turnkey solutions for Auditoriums, Conferences Halls, Multimedia Class Rooms, Seminar Halls, Corporate launches and Datacenter Erection etc.

"**MISPL**" is also in the domain of designing and manufacturing furniture and allied products like Modular Workstations, Pedestals, Storage Units, Conference & Executive Tables, Chairs etc., our process involves starting with design, selection of materials, finished goods with timely deliveries and installation at competitive prices.

For each project, we usually become involved at the conceptualization stage, since this is where our creative solutions can deliver the most value. Invariably we provide in-depth venue assessments, and lay the groundwork of logistical and coordination structures that will make your event less stressful and more cost-effective.

We focus on developing a personal relationship with our clients, learning about your business needs and how to apply best technology to solve problems and create new opportunities.

"**MISPL**" looks forward to earning your business and building a relationship with your Organization. We would very happy to introduce you to IISC Campus and JNC Campus & take a reference of what has been achieved in attempting to cross connect inter departmental Class Rooms & how satisfied they are with our services.
